HERD HEALTH

All cattle will have interstate health charts required for shipping into other sections of the United States. All Bred females will have been pregnancy examined.

PURCHASER'S RISK

Each animal becomes the property of, and therefore the risk of the purchaser as soon as sold. It shall be the obligation of the seller to see that animals are fed and cared for (free of charge) until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs first.

INSURANCE

Insurance for your purchases will be available sale day at the clerk's desk through Jamie Secondino • 812.208.0956

NOTE

All persons who attend the sale do so at their own risk. Neither the owners nor the sale manager assume liability legal or otherwise for any accidents or loss of property. As the sale manager, DP Sales Management is only an agent for the seller and has no responsibilities other than those involved in conducting the sale

SALE TERMS & CONDITIONS

All buyer numbers will only be issued with a valid ID and payment is due day of sale. DP Sales Management, LLC would appreciate timely settlement of receivables within 15 days of date of sale. Any person not complying with that guideline will be pursued legally. Cattle will not be transferred until paid for in full. Announcements made from the auction to sale time Cattle will sell under Suggested Sale Terms and Conditions of the American Simmental Association

There are not enough good things that I can say about 4069M, or Jazzy as we all like to call her. She had a real good run in the show ring being Supreme at 2025 Virginia Beef Expo and top 5 at the Simmental Eastern Regional Show, but the big vision we had for investing in this female was her generating capabilities...That time is NOW. When you have one that is built such as she, and possesses the presence and power that she carries, you know what is to come is going to be epic. We have heavy conviction that this mating to the hot, new sire On The Run is going to click on her and be extremely lucrative!

Another amazing opportunity on an exciting donor for 2026! One of the most exciting young individuals to step into our donor pen in quite some time, both phenotypically and genetically - and we have high expectations for her especially with her barn name being "Boots". She is a direct daughter of arguably the best Boots daughter in the industry - Satin 378F - which makes her a maternal sib to Knockin' Boots and countless other champions. Sired by Harker's Unleashed, here is an easy opportunity to invest in some of the newest genetics in the business. She is easily one of the most exquisite constructed, softest structured, incredible haired females that has ever stepped foot here - which makes her a perfect complement for almost every Simmental bull in the breed. I'd expect these calves to be long fronted with added substance while maintaining all look, hair, and structure that our Boots donor brings to the table. Progeny will register PB Simmental. Be on the forefront of a very unique donor that has a big time ceiling with either the Remedy or Relentless.

Here's an exciting opportunity to invest in the future with embryos out of 4/B Miss Honey Butter 08J, a female that combines elite pedigree with eye-catching presence and proven production. Mated to Creedence, this cross brings together power, balance, and look, with the kind of genetics that are built to compete and produce at the highest level. With Honey Butter's maternal strength and the added consistency and style of Creedence, these embryos offer tremendous upside and the potential to generate both in the show ring and in the donor pen for years to come.

Gizzelle has been one of those special females since the day we got her home. Just recently, a maternal sister to Gizzelle commanded \$100K as the lead off lot at the Cardinal Cattle "The Program" sale. Gizzelle is quite possibly the most unique and versatile donor to walk into our line-up in recent times - We think the sky's the limit with unlimited opportunity. Gizzelle is a full sister to the ever popular DMCC Counter Attack - and sired by Secret Weapon, who arguably is the best Simmental sire for putting elite, high-dollar, females into the donor pen. Gizzelle not only combines incredible phenotype and pedigree, she is a red-gene carrier and the baldy trait runs strong. We would expect these no-brainer matings to Next Level and Quantum Leap to be a quick return on investment. The combination of Gizzelle's perfect structure and striking look will easily complement the power and body of both bulls. Progeny will register Purebred Simmental. This mating will be a home-run for those highly desired red baldy babies.

Nocona has quickly become a barn favorite and is thoroughly enjoying her new home in Ohio. One of Baty Livestock's highly decorated show heifers that sold in the 2025 Griswold Classic female sale, she has earned many titles including 2021 Junior Nationals Grand Champion B&O % Simmental cow calf pair, Grand Champion Owned % Simmental cow calf pair, 2020 Junior Nationals Reserve Grand Champion Bred and Owned % female, 2020 NWSS Reserve Division % female, 2020 NAILE Division and Reserve Division % female, Champion Bred and Owned Female as well as many other banners and awards. Nocona is a powerhouse of a female from every angle. She is big hipped, big footed and tremendously big bodied. We feel these embryos by Next Level will produce show heifers as good if not better than her. We guarantee 1 90 day pregnancy if embryos are inserted by a qualified technician. Embryos are stored at Vytelle, Ohio

DAF Reba C85 has been a dominant producer of elite females in our Simmental program. She earned her own accolades as the 2016 National Western Stock Show Junior Show Grand Champion Percentage Simmental Female, later going on to be Reserve Supreme at the 2016 Iowa Beef Expo and 5th Overall Female at the National Junior Heifer Show. One of her standout daughters, JSUL Reba's Fancy 8375F, was the 2019 National Junior Heifer Show Grand Champion Bred-and-Owned Female and remains one of the most impressive percentage Simmental heifers we've raised at Sullivan Farms. She continued her winning ways in Louisville and was selected as the Reserve Champion Percentage Female at the 2020 NWSS Open Show. This exciting new mating to Coping Testing has all the credentials to be a home run, combining proven champions with cutting-edge genetics.

902G is quickly becoming a household name—and deservedly so—recently being named the 2025 Best of the Barn Donor Cow of the Year. She first made her mark as the 2020 National Junior Heifer Show Grand Champion Female and Supreme Overall Champion in Louisville. The consistency and dominance of her progeny continue to elevate her status, with a maternal sister to these embryos recently selected as Supreme Champion Female at OYE, Reserve Supreme at the Iowa State Fair 4-H Show, and 5th Overall in the FFA Show. Additionally, 902G is the dam of the Supreme Champion Female at the 2025 Illinois State Fair for the Bloomberg family, further solidifying her influence as one of the breed's elite and most proven donors.

This is a new mating we're extremely excited about and eager to see come to life. It offers a fresh twist on the legendary 6640 donor, who produced countless standout Who Da Man daughters over the years. Revelation 2K is making a major impact across the industry, recently siring multiple Supreme Champions, including winners at the American Royal Junior and Open Shows, Reserve Supreme in Louisville, and Supreme at Cattlemen's Congress. The 6640 donor dominated the Chi breed for over a decade, producing two Louisville Supreme Champion females along with numerous State Fair Supreme Champions, and her daughters have gone on to become some of the most recognized and influential donor females in the country.

Selling 4 - 5 unit packages

Pays To Win is an impressive new sire that we are expected to introduce. He is stout featured, squared hipped bull that is second to none in terms of foot size and shape, skeletal design, flexibility and angularity. He was Grand Champion 4 major shows. The thing many bulls don't accomplish, he was 5th overall Supreme at the North American. His dam is a One Eyed Jack x Broker x Harietta that garnered an array of purple including Supreme a World Beef Expo. You want power, pounds with a commanding look, you need to add to semen inventory and breed some cows. Plus, some guys with great bull.

Consignor CODE CATTLE COMPANY 304.671.9112

LINT Advantage

M14 & M15 - Here is a pair of full brothers that would work exceptionally well to turn out together for a consistent, uniform calf crop. We purchased these embryos from Clearwater and Barron Simmentals, stemming from their great Beautiful Z223 donor, who traces back to Bramlet's cornerstone Ms. Beautiful S054 cow family that has anchored their program for years. Z223 has left her mark on every program she's been a part of, and as you can see, she continues to do so. These brothers are stout-made and rugged, offering plenty of pounds and performance while still being clean in their design, and they will stamp a set of calves with consistency. Both came with low birth weights, making them strong candidates for use on heifers. Give us a call with any questions.

Here's a prime example of why SimAngus cattle are so popular. Ace is backed by powerhouse genetics including TJ Franchise, Big Casino, and Connealy Premium Product. This strapping two-year-old is stout, well-structured, and ready to go to work, offering a combination of performance, consistency, and maternal strength that will make him a valuable addition to any program.

Here is a really impressive TJ War Paint son that is sure to catch your eye. His dam is a standout donor from Dennis George, tracing back to the legendary Olie cow family. Warrior boasts an outstanding EPD profile and is built to add significant growth and performance to your next calf crop. On top of his strong genetics and structure, he is Homozygous Black and Homozygous Polled, offering added versatility and predictability for any program.

Looking for a heifer bull? Take a look here. This powerful red son of W/C Bet on Red is out of a big-numbered Triangle J female that we're especially fond of. With a solid, proven pedigree backing him, he offers reliability, performance, and peace of mind—take this guy home and sleep well all night.
